Subject: Alameda County Redistricting 2021 Feedback

To whom it may concern,

I would like to express my support to keep the cities of Livermore, Pleasanton, and Dublin together within the same district. These cities -often referred to as the tri-valley- share cultural, economic geographic, and historical similarities that should not be divided. As one, we can advocate for our concerns to our elected officials as a more unified and consistent voice that would otherwise be more challenging should we be divided.

Thank you for listening and for the work you do.

Respectfully Submitted,

Jared & Valeria
