Subject: Redistricting

To the Alameda County Supervisors and Redistricting Effort,

The Tri-Valley - Dublin, Livermore, and Pleasanton and surrounding area should be represented in one County supervisor district. From social networks (volunteer and social clubs) to combined interests (traffic congestion along 580, valley air pollution, homeless situation, housing in a suburban and rural area, climate, water issues, ...) thie Tri-Valley area and three cities (Dublin, Pleasanton, and Livermore) share common issues and have a long tradition of working together to solve them. Please value the Tri-Valley of Alameda County and the issues that we are facing and put the area and three cities in one district.

Yours truly,

Karen
